

## **How to Clean Sandel Fire Barrier Fabric**

Sandel fabric is easily cleaned and disinfected using conventional cleaning methods and materials.

1. Use mild soap and laundry detergents diluted with warm water.
2. Wash by wiping clean with a wet cloth, soft brush, or low pressure stream of water.
3. Wash off detergent solution with warm water.
4. Air dry or wipe off excess water with soft cloths.
5. To disinfect Sandel fabric, use a 3% solution of hydrogen peroxide to water.
6. Wipe dry.

### **WARNING:**

**DO NOT USE** cleaners containing abrasives, abrasive pads, steel wool, stiff brushes, or mechanical washing or drying machines.
